

I am Carol Lanter. I am excited to be the Lead Teacher for Special Education (LTSE) at Coralwood. I have undergraduate and graduate degrees from the University of Alabama in Early Childhood Special Education.

I have served DeKalb School District's youngest students since 1998, teaching in all of our programs from the small group setting, to co-teaching, to the community! I was also a Preschool Special Education Liaison for several years, supporting our programs and teachers around the district. I am thrilled to find a new home at Coralwood.

In my free time you will find me outdoors. I love to go on long walks and hikes with my dog. I also have two cats. Yoga is one of my favorite activities, along with cooking, reading, and traveling.
